Dear Parents:

We would like to thank you for allowing your children to be engaged over the past year with the state's largest youth serving organization – the Indiana 4-H Youth Development Program! The Purdue Extension staff members who work all year to conduct 4-H Programming in local communities are very pleased to have you join us as we partner with the Indiana State Fair Commission, Board and staff on the 2011 Indiana State Fair. Fairgoers from across the state will have the opportunity to view the accomplishments of some of Indiana's finest young people!

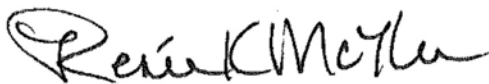

We are confident that you will join us as we focus on developing the next generation of young people who will ultimately serve as our future leaders as we strive to assist them in developing leadership and life skills. We realize that many youth have set a personal goal of participating in 4-H competitive events at the Indiana State Fair. That participation is a privilege, and while competition at 4-H events is natural, the process of learning is far more important than the 4-H project or exhibit itself!

While we strive to create a positive environment for youth, we also expect parents and volunteers to assist us by:

- serving as positive role models;
- conducting themselves in a courteous and respectful manner;
- exhibiting good sportsmanship;
- praising young people for what they have learned from their 4-H experiences and accomplishments;
- understanding that the best exhibit possible is the individual 4-H member!

Enjoy your time at the fair ... and let's all work "to make the best better."

Sincerely,

Renée K. McKee
Assistant Director, Purdue Cooperative Extension Service
State 4-H Program Leader

4-H YOUTH DEVELOPMENT PROGRAM

GENERAL TERMS & CONDITIONS

PENALTIES AND DUE PROCESS

In the interest of all exhibitors, the Indiana State Fair Board, the 4-H program, the agriculture industry, and all breeders of livestock, the following general terms and conditions are presented to maintain, insure and present a wholesome, high quality educational program. As the showcase of Indiana, it is imperative to promote and allow only ethical behavior by exhibitors at the Indiana State Fair. The Indiana State Fair Board or the Director of Purdue University Cooperative Extension Service in matters pertaining to the statewide policies and programs of 4-H, reserves the final and absolute right to interpret any and all terms and conditions, contained in any and all parts of the Handbook/Premium List and to unilaterally settle and determine all matters, questions or differences in regard thereto, or otherwise arising out of, connected with, or incidental to the Indiana State Fair. They further reserve the right to resolve unforeseen matters not covered by general or departmental terms and conditions published in the Handbook/Premium List, to amend or add to these terms and conditions as it may determine, and to withdraw all premium offerings in all departments should any emergency exist and circumstances demand. Fraud, deception, any prohibited activities, violations of general or departmental terms and conditions, or any activity determined to be improper or unethical by the Board, a Fair Department Director and/or the Director of Purdue University Cooperative Extension Service shall not be allowed. Any exhibitor found in violation is subject to sanction and/or disqualification.

1. Tampering, altering and/or misrepresentation of any exhibit is prohibited. This prohibited activity includes the breeding, age, ownership, and/or method of preparation or completion. This includes, but is not limited to:
 - a. Coloring that alters or misrepresents breed characteristics;
 - b. Pumping air or other substances to alter conformation;
 - c. Methods to induce artificial fill;
 - d. Performance of any surgical or nonsurgical procedure altering the animal's configuration or natural conformation of any part of the animal's body. Exceptions that are allowed include hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching, docking of tails on sheep and swine, and coloring or manipulation of normally attached hair that does not alter or misrepresent breed characteristics or the animal's configuration or natural conformation; and/or
 - e. Administration of any substance to include, but not limited to blood, oils, steroids, air, chemical substances.
Note: Any alteration that renders the animal's tissues unfit for human consumption is prohibited.
2. 4-H exhibitors are expected to follow the federally-approved label when using drugs and feed additives. 4-H market animals shall not contain any foreign substance both on day of show and at harvest. This includes drugs, steroids, or chemicals greater than standards established by the United States Department of Agriculture (USDA) or the Food and Drug Administration (FDA) as permissible for sale for consumption as human food. Administration of these compounds must follow these guidelines:
 - a. Feed additives may be used according to the label. Administration in excess of the label is prohibited. It is the exhibitor's responsibility to adhere to prescribed withdrawal times prior to harvest. If the withdrawal time is not met by the time the animal would normally be harvested by the Indiana State Fair, the exhibitor is expected to make other arrangements for harvest.
 - b. Exhibitors are expected to use federally-approved drugs to treat sick animals (see Term 2.c. for lameness). It is the exhibitor's responsibility to adhere to prescribed withdrawal times prior to harvest. If the withdrawal time is not met by the time the animal would normally be harvested by the Indiana State Fair, the exhibitor is expected to make other arrangements for harvest.
Note: Drugs may not be administered to 4-H animal exhibits at the Indiana State Fair except those administered by the Indiana State Fair's contract veterinarian. All treatments performed by the State Fair Contract Veterinarians shall be reported to the Department Director on forms provided by the State Fair Board within 12 hours of the treatment.
 - c. Administration of drugs to enhance gait or reduce lameness disqualifies the exhibit from participation in the Indiana State Fair. Animals too lame to show will be withdrawn. Consideration of exhibit withdrawal is advised by the Animal Wellness and Care Committee and decided by the exhibitor, the department director and the Director of Purdue Cooperative Extension or designee.
Exception: Equine exhibitors may administer federally-approved drugs but are subject to drug levels established by the United States Equestrian Federation.
Note: The State Fair Contract Veterinarians are not permitted to treat lameness and/or unsoundness cases related to an animal's movement unless withdrawn from the show.
3. Examination and testing of animal exhibits
 - a. Test samples collected from 4-H animals shall be free of prohibited drugs and any foreign substance, including steroids, drugs or chemicals affecting the central nervous system (for example, stimulants, depressants or painkillers) both on day of show and at harvest. Known administration of drugs or feed additives should be listed on the affidavit (see Section 3.e. below).
 - b. The Indiana State Fair Board and/or State 4-H Youth Program Officials reserve the right to examine and/or test any 4-H animal exhibit, feed, liquids or contents of exhibitor's livestock equipment for tampering, altering, misrepresentation, unethical fitting, natural or foreign substance, to include, but not limited to artificially introduced air, blood, oil, drugs, steroids or chemicals. The submission of any 4-H entry to the State Fair by an exhibitor expressly grants the Indiana State Fair Board, its Departmental Directors, and/or State 4-H Youth Program Officials the right to conduct such tests. Any animal found suspect may be impounded for testing. Refusing such tests shall serve as a prima facie case that a violation has occurred. A violation may result in one, all, or a combination of penalties listed under the Penalties section of the Determination of Violation of Terms and Conditions of Programs Funded by the Indiana State Fair Board (see next section). A micro identification chip may be inserted into each 4-H market animal at the time of urine collection by the veterinarian in charge or designee.
 - c. The test results from the testing laboratories are final and binding upon the exhibitor, the exhibitor's parents and/or legal guardian even if the exhibitor, or the parents and/or guardians did not administer the drug or foreign substance to the exhibitor's animal. The exhibitor and the exhibitor's parents and/or legal guardians agree that they are the persons absolutely responsible for the care and custody of their animal(s) in preparation for and while at the Indiana State Fair.

- d. Exhibitors whose animals test positive for any drug or foreign substance in violation of these terms and conditions shall be disqualified and forfeit all entry and other fees and all premiums, trophies, and awards from the department in which the violation occurred. Furthermore the exhibitor shall be barred from competition in the Department at the Indiana State Fair for a period of one year including the following State Fair. The Department Director and/or the Director of Purdue University Cooperative Extension Service may make additional determinations of violations and assess additional penalties as outlined under the Penalties section of the Determination of Violation of Terms and Conditions of Programs Funded by the Indiana State Fair Board (see next section). Furthermore the State 4-H program leader, or their designee, may assess penalties as outlined on pages 13 and 14 under the following; Behavioral Criteria and Due Process and Right of Appeal for Violation of State 4-H Programs and Policies While at the Indiana State Fair.
 - e. Each 4-H exhibitor and parent/legal guardian will be required to complete, sign and have notarized an animal affidavit when exhibiting: all steers, including dairy steers, dairy feeder steers, market lambs, meat goat wethers, gilts, and barrows. Exhibitors of all other species whose animal(s) is/are selected for drug testing and/or the 4-H Sale of Champions will also be required to complete and sign the animal affidavit. A sample is included at the end of this section and in the Horse and Pony section. The form is available at your Purdue University Cooperative Extension Service County Office, the State Fair Entry office or at www.four-h.purdue.edu. The executed affidavit/agreement must be presented on the appropriate affidavit form when requested at check-in at the State Fair, or when selected for testing. Refusing to execute the affidavit/agreement will result in disqualification and the imposition of appropriate penalties.
 - f. Competition placings do not become official until the completion of all post judging carcass examination, drug and foreign substance analysis, re-weighing and animal verifications such as, but not limited to, retinal re-scanning, DNA analysis and document verification.
4. At the Indiana State Fair, the 4-H animal exhibitor may receive clipping and grooming assistance only from their immediate family which is defined as a father, mother, stepfather, stepmother, legal guardian, brother, sister, half brother, half sister, stepbrother, stepsister, grandfather, step grandfather, grandmother, step grandmother, aunt or uncle or from another current Indiana 4-H exhibitor. Guardianships granted on a temporary basis for the purpose of circumventing these terms and conditions will not be recognized as "immediate family".
 5. A 4-H animal exhibit may not be maintained at a professional fitters facility (excluding horses which follow county policy).
 6. An exhibitor may not take exception to the decisions of an official and/or judge in an unprofessional and/or public manner. Nor shall any exhibitor or person representing the exhibitor, interfere with or show disrespect to any judge or show official.
 7. The placing of 4-H exhibits will not be adjusted after placings become official.
 8. Interpretation of any term or condition, policy, the code of ethics or prohibited activities contained in the State Fair Handbook/Premium List including the assessment of any violation and/or penalty to be imposed against a 4-H member, shall routinely involve the Director of Purdue University Cooperative Extension or their designee. While the Director of Purdue University Cooperative Extension Service and the State Fair Department Director and/or State Fair Board may confer and impose penalties at the same time, their decisions regarding penalties may be separate and independent.
 9. The Director of Purdue University Cooperative Extension Service is the final authority for all actions pertaining to the statewide policies and programs of Indiana 4-H, including but not limited to determinations of eligibility for State Fair competitions.
 10. The Indiana State Fair Board is the final authority for all actions pertaining to programs funded by the Indiana State Fair Board.
 11. The Indiana State Fair Board may submit the name(s) of any exhibitor found in violation of above stated terms and conditions 2 and/or 3 to the International Association of Fairs and Expositions pursuant to their National Code of Show Ring Ethics.
 12. **SUBMISSION OF AN ENTRY TO THE INDIANA STATE FAIR EXPRESSLY BINDS THE EXHIBITOR TO ALL TERMS AND CONDITIONS CONTAINED IN ANY AND ALL PARTS OF THE HANDBOOK/PREMIUM LIST AND ENTRY FORM.**

The Department Director in consultation with the Director of Purdue University Cooperative Extension Service shall, upon determining a violation has occurred, make a determination as to the appropriate penalty to impose upon the violating person(s). The Department Director and/or Director of Purdue University Cooperative Extension Service may choose to impose one, all, or a combination of the following penalties.

Healthy Development of Youth

Caring adults play an absolutely essential role in the healthy development of youth. As a rule of thumb, every young person needs three caring adults involved as positive role models in his/her life. Volunteers who truly care about the well being of young people provide the connection that is essential in 4-H Youth Development Programs.

The Indiana 4-H program serves the youth of Indiana by providing a strong educational youth development program. This program delivers educational experiences in a variety of settings. Caring, capable, and contributing adults assist in the 4-H program as role models for youth. The rich heritage of the 4-H program is one to be valued and passed along to future generations.

This document sets out certain standards and guidelines to assure that 4-H is a positive youth development program. County 4-H policy is guided by the county 4-H policy-making or governing board (i.e., 4-H council) as provided by the County Extension Board. Legal authority for the 4-H program rests with the Director of Cooperative Extension, Purdue University. No county 4-H policy may conflict with state 4-H policy or federal requirements.

Deadlines for county and state participation should be carefully constructed so as to encourage rather than to discourage participation. Such deadlines should be well published. Members not complying with established and published dates and deadlines for exhibition may be denied the opportunity to exhibit.

It is the policy of 4-H to be an inclusive organization. No county policy or practice should be used to arbitrarily exclude youth from either membership or participation. Youth should participate in 4-H Youth Development opportunities at levels and times that best suit the youth's development and support family involvement.

4-H MEMBERSHIP:

Youth may become 4-H members when they enter the third grade and may continue their membership through the completion of grade 12. Each individual may continue membership for a maximum of ten (10) consecutive years.

An individual's 4-H grade is determined by their grade in school, regardless of the time of year he or she enrolls in 4-H. A member does not advance in 4-H grade until he or she enrolls in 4-H for the subsequent school year. Each member should enroll in the division of a project that would best suit his/her interest and potential for personal growth and would enhance their family involvement. Opportunities in the 4-H Program are available to all Indiana Youth regardless of race, religion, color, sex, national origin, marital status, sexual orientation or disability. Membership in 4-H is gained by annually enrolling through a Purdue University Cooperative Extension Service Office, located in each of Indiana's 92 counties.

The 4-H club year usually extends from one (1) annual 4-H exhibit to the next. Enrollment is an annual process attained by completing an appropriate county 4-H enrollment form. Each county establishes its own enrollment deadline.

COMPLETION:

The completion of a 4-H project must not be misinterpreted as exhibition of said project at a local, county or state fair. 4-H members are considered complete in their project work for that year when they have: 1) completed an "official" 4-H member enrollment form prior to the established and published date for enrolling 2) turned in a completed 4-H project record sheet prior to the established and published date and 3) had an officially recognized 4-H leader/extension educator verify existence of the completed project. Though exhibiting in local/county and state exhibits/fairs is not required for project completion, as it does not necessarily relate directly to content and skills learned in the development of the 4-H project, project exhibition is encouraged as a continuation of the educational experience.

Extension employees and volunteers are obligated to eliminate (and should not create) any practices that limit, deprive, or tend to deprive any youth of opportunities for membership and/or participation in the Indiana 4-H program.

EXHIBITION AT THE INDIANA STATE FAIR:

Exhibition of 4-H projects in local, county or state exhibits/fairs is considered a privilege and is voluntary on the part of the exhibitor. The exhibition of 4-H projects provides 4-H members an opportunity to display their 4-H projects, enter into competition and participate in an educational/social environment with their peers. With exhibition also comes the responsibility for abiding by all of the terms and conditions pertaining to the respective 4-H project. Not following the established terms and conditions of the projects will be grounds for exclusion from the competition/exhibition or the project itself.

1. An exhibit may not be entered in more than one State Fair 4-H class except in some animal classes where designated. In a State Fair class requiring more than one item, all items must be exhibited by the same 4-H member. All parts of an exhibit made in one class must belong to one 4-H member.
2. All 4-H exhibits at the State Fair must be prepared during the current 4-H year. Eligibility rests solely with the State 4-H Youth Program Leader on entries in all 4-H classes.
3. Any 4-H exhibit removed from display prior to the official release will be disqualified. Any 4-H placings/prizes (including ribbons, money, medals, trophies, etc.) awarded that exhibit will be forfeited.
4. 4-H exhibitors having an entry in animal classes at State Fair are expected to show their own animals. In cases where this cannot be done, the owner may request another Indiana 4-H member to serve as a substitute showman. Substitute showmen must be approved in writing by the 4-H show manager, 24 hours prior to showing of the animal(s) needing a substitute showman. Requests will only be granted for medical emergencies, conflicts with showing other animals, or circumstances deemed unavoidable by the 4-H show manager. Failure to be excused from a job and/or participation in a band or sporting event or practice will not result in a substitute showman being granted.

4-H ANIMAL OWNERSHIP, POSSESSION AND EXHIBITION:

Each 4-H member shall own his/her own 4-H exhibit. Ownership must be in effect on or before the county and state enrollment deadlines and continuously until after the 4-H show at the County and/or State Fair.

1. For 4-H breeding animals, family corporations and/or partnerships of 4-H members with one or more parents, siblings, grandparents, aunts, uncles, or legal guardians are acceptable.
2. For 4-H dairy cattle, family corporations and/or partnerships of the 4-H member with unrelated persons or dairy operations are also acceptable.
3. Dairy heifers, horses, ponies and llamas may be leased subject to approval of both the county 4-H dairy, horse and pony, or llama committee and the respective County Extension Educator.

4. 4-H animals are expected to be in the personal possession and regular care of the 4-H member who owns/leases them (unless other arrangements have been agreed upon by the County 4-H Council) from the animal enrollment deadline until the conclusion of the County and/or State Fair.
5. 4-H animals purchased, sold or offered for sale after the enrollment deadline and prior to the Indiana State Fair (**including animals that have gone through a "Premium Only Auction"**), shall not be eligible to show in the 4-H show at the Indiana State Fair.
6. 4-H animals exhibited after the animal enrollment deadline (April 1st for steers and May 15th for all other animals), under a different name than the person listed on the Indiana 4-H animal enrollment form shall not be eligible to be shown in the 4-H show at the Indiana State Fair. This means that if the animal is exhibited at any show by anyone other than the person listed on the Indiana 4-H animal enrollment form, the animal will not be eligible to be shown in the 4-H show at the Indiana State Fair. This term/condition does not apply to siblings, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility, regardless of whether the sibling is a 4-H member or not. It is expected for this term and condition that siblings co-enrolling animals must have the co-enrolled animals listed on each others' 4-H animal enrollment form.
NOTE: This term/condition does not apply to the horse and pony program where a parent may also show the horse or pony after it has been enrolled in the 4-H program.
7. 4-H members showing registered beef, Boer goats, dairy, dairy goats, sheep and swine must present a registration certificate (no photocopies, carbons or fax copies, except a fax directly from the national breed association to the Indiana State Fair) to the 4-H show manager before the specified time for each specie, showing that the exhibitor owns the animal being exhibited, as per ownership terms, on or before the May 15th enrollment deadline and continuously until 4-H show day at the Indiana State Fair.
8. 4-H breeding beef, Boer goats, dairy goats, sheep and swine must be registered in one of the following ownership methods:
 - a. in the 4-H members' name; b. John Smith and Sons; c. John Smith, Sons and Daughters; d. John Smith and Family (family includes sons, daughters, and legal guardian youth only); e. Mark Smith (brother) and Mary Smith (sister); f. Family corporations, where the 4-H members' name appears as a holder of stock in the corporation, and proof of same must be supplied on or before the enrollment date; g. Family partnership where the 4-H members father, mother, brother, sister, aunt, uncle, grandparent, and/or legal guardian is also in the family partnership and the 4-H member's name appears on the legal, notarized partnership. A copy of the written document must be attached to the enrollment form before the enrollment deadline.
9. 4-H breeding beef, Boer goats, dairy goats, sheep and swine WILL NOT be accepted in the State Fair 4-H Show if they are registered in a father's name only, farm name only, or partnerships with unrelated persons (such as "Smith View", "Smith Oak", "John Doe and William Smith (4-H member)", "Long Oak and William Smith (4-H Member)", etc.).

BEHAVIORAL CRITERIA:

There are many opportunities for 4-H members, volunteers, parents and the public to participate in 4-H events and activities. When involved in such experiences; members, volunteers, parents and the public are expected to follow all terms and conditions/rules and regulations as outlined by those responsible for the specific program or activity. When attending, participating or acting on behalf of the 4-H program, all persons are expected to conduct themselves in accordance with accepted standards of social behavior, respect the rights of others, and refrain from any conduct which may be injurious to the 4-H program. **The following actions constitute misconduct for which persons may be subject to disciplinary penalties and/or dismissal from the program:**

7. Lewd, indecent, or obscene conduct.
8. Unauthorized entry, use or occupancy of any facility.

- a) The parents/guardians will be contacted to arrange transportation home for the violator(s) and
- b) The local extension educator will be notified.

Enforcement may be selective which does not waive the state 4-H Youth Program's right to enforce collectively at a future date and appropriate circumstance.

• **Any State Fair 4-H situation not covered by these policies shall be handled by the State 4-H Youth Program Leader or their designee as appropriate.**

NONAMBULATORY - DECEASED ANIMAL POLICY

The Indiana State Fair will not unload animals that are nonambulatory (i.e. downer) or unable to walk off the vehicle under their own power. The exception to this policy will be unloading the animal for euthanizing and disposing of the animal. If an animal becomes nonambulatory after arrival at the Indiana State Fairgrounds then the following policy will be strictly enforced:

1. Any animal that becomes nonambulatory (unable to move under their own power) after arriving at the Indiana State Fairgrounds, the owner shall immediately notify the director in charge of that department.
2. The director shall immediately notify the contracted veterinarian and the Wellness Committee Chairperson of the Indiana State Fair about the animal in question and circumstances evolving around how this condition happened.
3. The contracted veterinarian of the Indiana State Fair, the Wellness Committee Chairperson, the director in charge of the department, the first assistant of the department, the president of the Indiana State Fair Board, the Indiana State Fair Coordinator and the owner (or representative) will consult each other to come to the best decision for the animal with the emphasis being for the good of the animal. If the animal in question is a 4-H entry, the Director of Extension or their representative will also be involved with this decision. Only the persons that are available need to be involved in the decision. If euthanasia is determined to be the best option, this will be at the owner's expense.
4. Livestock that becomes nonambulatory after arriving at the Indiana State Fairgrounds must be disposed of or removed for treatment within 12 hours of discovering or receiving notice of the animal's condition. If the animal is treatable and the above committee agrees, the owner must remove that animal from the fairgrounds (at the owner's expense) within the 12 hour period.
5. In the event of an animal dying while at the Indiana State Fairgrounds, the animal's owner(s) is/are responsible to remove its carcass from the grounds. The timetable is as follows, remove from the building or display area within 30 minutes to either their vehicle or a designated location. The owner then has up to four (4) hours to remove the carcass from the grounds to a proper disposal site at the owner's expense. If necessary fairgrounds staff will assist in loading the carcass into the owner's vehicle.

Open class entry deadline is July 1 and all applicable fees are required. Please refer to the front of the open class Handbook/Premium List for instructions on how to complete an open class entry form.

HANDBOOK/PREMIUM LISTS AND ENTRY FORMS ARE AVAILABLE ON OUR WEBSITE

ENTER ONLINE AT WWW.INDIANASTATEFAIR.COM

ENTRY INSTRUCTIONS

- STATE FAIR ENTRIES will NOT be processed without complete information, proper signatures and appropriate fees. Make sure that all of the information requested for is completed correctly. Double check your total fee to make sure your enclosed check or money order is correct and enclosed.
- **Fees and over payments are not refundable.**

- **The Indiana State Fair Board is requiring all Indiana Exhibitors to provide the Indiana State Board of Animal Health required Premises ID number on all entry forms for beef and dairy cattle, goats, swine and sheep. Indiana exhibitors of horses, poultry, llamas and alpacas as well as out of state exhibitors will be requested to voluntarily provide Premises ID numbers.**

To obtain a Premises ID # please contact the Indiana State Board of Animal Health at 877-747-3038 Ext. 383. Information can be found on the Indiana State Board of Animal Health website at www.in.gov/boah.

- All exhibit entries consist of three (3) parts. The first number represents a department. For example, 409 is 4-H Rabbits. This number is located on the first page of the department being entered. The second set of characters represents the section within that specific department. Again, for example, DT means "Dutch". Finally, the last portion will consist of up to 3 numerals. This is the class description or actual event entered. For example, senior buck is 1, senior doe is 2. Together, these three (3) parts, department-section-class (409-DT-1), allow anyone to precisely identify the entry of the exhibitor, whether they're showing in open class, 4-H, or a special event. Please make sure that this entire sequence appears on your entry form and any other forms that need to be filled out (i.e. tags) if requested. A generic entry is any entry where the number of animals (exhibits) is requested in place of department-section-class.

ASSIGNMENT OF STALLS

- Assignment of stalls will be made by department personnel.
- **NEW:** Alteration or removal of stall or pen structures: Exhibitor is required to notify and obtain approval from show personnel to alter any assigned stall(s) or pen structure(s), or any part thereof. If the Exhibitor does not seek and obtain such approval, Exhibitor shall indemnify and hold harmless the Indiana State Fair Board and the Indiana State Fair Commission for any damage to person or property that results from such alteration or removal.
- Bedding will **not** be furnished by the Indiana State Fair Board.
- Feed and bedding of good quality will be available to exhibitors at reasonable prices.
- All 4-H animals that are at another Fair may arrive later than the specified time, but must have prior written approval from the respective department director. Such animals must be accompanied by a written statement listing each animal from the department director of the out-of-state or County Fair where exhibited, certifying such animals were on display at the Fair in question. Any other animals arriving late will not be eligible for the 4-H classes, unless approval is granted in advance by the department director. In the event an animal wishes extended stay, this too needs advance approval by the department director.

- The selling of feed or bedding except by the approved Indiana State Fair Vendor is strictly prohibited.

****It is HIGHLY recommended all entries be submitted online at www.indianastatefair.com.****

ENTRIES

- Please go to www.indianastatefair.com and enter online. Select State Fair, Animals/Livestock (Online Entry) tab or Competitions/Contests on the lower right. The fees for the incorrect entries will be considered an overpayment on the correct entries. The incorrect entries will be returned to the exhibitor. After correction, the entries must be returned with entry fee as directed by the Entry Department. Any incorrect entry forms not returned as directed by the Entry Department will be subject to applicable late fees.
- A late entry is any entry that is entered online, postmarked (**no metered mail accepted**) or hand delivered to the Entry Department after the stated deadlines, with the exception of group classes, substitutions, and additions to generic entries up to the stated maximums. Substitutions may be made within the same section, provided the same number of entries is maintained as was entered on the original entry form, (i.e., if eight (8) exhibits are on the original entry form, you are limited to 8 entries, without paying a late fee). If a new section is entered this is a new entry with all applicable fees. At check-in, any exhibit entered on an original entry form may be added to any class for which it is eligible except horse and pony, which must be entered by 5 pm the day before the class. Those classes designated as group classes (containing more than one animal) can be entered at check-in, without additional fees, provided the animals in the group are entered in individual classes.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

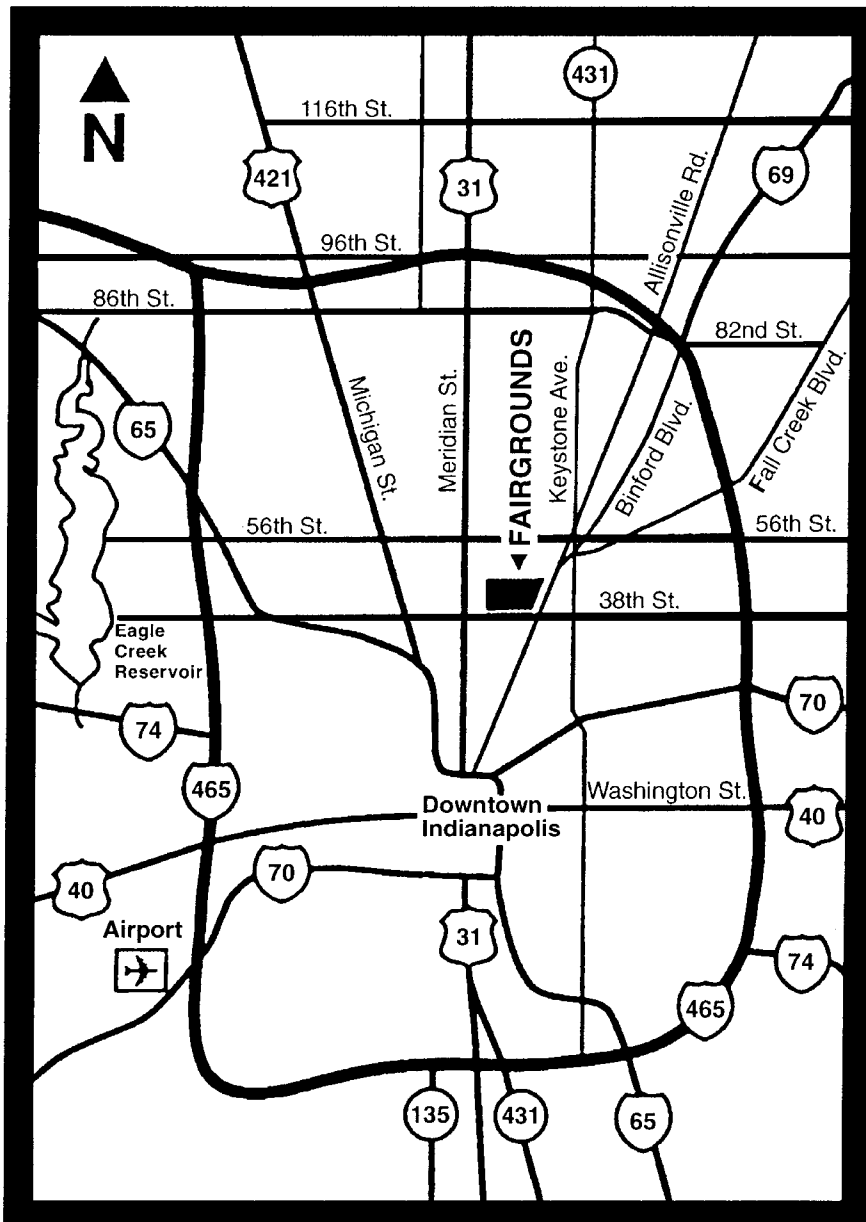

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

**ANIMAL HEALTH REQUIREMENTS FOR EXHIBITION OF
DOMESTIC ANIMALS IN INDIANA
2011**

GENERAL REQUIREMENTS FOR ALL SPECIES

This document describes the Indiana State animal health requirements for all animal exhibitions in the state. **HOWEVER**, exhibition organizers may impose additional animal health requirements as a condition of entry. BOAH recommends contacting the exhibition organizer for specific information about requirements for each event.

Please call the Indiana State Board of Animal Health at 1-877-747-3038 with questions concerning animal health requirements.

A. Limitations on Exhibition

This section describes limitations on exhibiting animals in Indiana. There may be other exhibition limitations that are described in the specific species requirements.

- 1. Failure to meet all animal health requirements will result in removal of animals from the exhibition premises.**
2. The following animals are not eligible for exhibition in Indiana:
 - a. Animals that originate from a herd that is under quarantine.
 - b. Any animal classified as a brucellosis "suspect".
 - c. Animals showing symptoms of any infectious or communicable disease or that are a health hazard to persons or other animals.
 - d. Any animal that does not meet state animal health requirements.
3. Any animal that develops or shows signs of any infectious or communicable disease during exhibition must be removed from the premises including the surrounding exhibition grounds. An owner that is disputing the exclusion of their animal from exhibition may not exhibit the animal in question pending any appeal.

B. Certificates of Veterinary Inspection

1. **For animals that originate in Indiana**, contact the exhibition organizer to determine the certificate of veterinary inspection (CVI) requirement, if any.
2. **For animals that originate outside the State of Indiana**, the exhibitor must have a properly completed official certificate of veterinary inspection (CVI, commonly known as "health papers") for the animal. This CVI requirement applies to the following types of animals:
 - a. All animals of the family Bovidae, including cattle, sheep, goats, and buffalo.
 - b. All animals of the family Equidae (horses, donkeys, etc...).
 - c. All animals of the family Suidae, such as domestic and feral swine.
 - d. All animals of the family Cervidae, such as deer and elk.
 - e. All animals of the family Camelidae, such as camels, llamas, and alpacas.

A certificate of veterinary inspection on any animal coming from outside Indiana for exhibition in Indiana is valid for 30 days.

3. Certificates of veterinary inspection accompanying animals for exhibition must be completed by a licensed and accredited veterinarian who has personally inspected the animals and must clearly include a description of each animal including the age, sex, and breed of the animal, and the official identification for each animal.
4. Certificates of veterinary inspection for all out-of-state swine and cattle going to the Indiana State Fair must have the import permit number for the 2011 Indiana State Fair, "**INSF11**", written on the certificate.
5. A copy of the official certificate of veterinary inspection for each animal exhibited must be on file at the state veterinarian's office prior to the opening day of the exhibition.

C. Identification

All exhibition animals must be permanently and individually identified by an acceptable method. Acceptable methods vary by species but may include an ear tag, legible tattoo, standard ear notch, and individual brand or breed registration number. Official identification acceptable for specific species of livestock exhibited in Indiana are as follows:

1. Swine: standard ear notch for breeding and exhibition swine.
2. Cattle: official ear tag, tattoo, or individual brand or registration number if accompanied by registration papers. Indiana steers that do not require testing may use an ear tag (e.g. plastic ear tag).
3. Sheep and Goats: official scrapie ear tag, scrapie tattoo, or breed registration tattoos that are enrolled in the scrapie program. Wethers younger than 18 months of age may be identified using any form of permanent identification. Electronic chips may be used if preapproved by the Indiana Board of Animal Health.
4. Horses: lip tattoo, individual brand, description of markings with name, or a registration number if accompanied by the registration papers.
5. Cervidae: tattoo or official ear tag.
6. If any additional identification other than the official identification is present, one of the additional identifications should also be listed on the certificate of veterinary inspection.

IN SUPPORT OF INDIANA YOUTH

The Indiana State Fair Board provides much more than just premium money, ribbons, rosettes, plaques, banners and trophies to Indiana's finest 4-H and FFA participants. Best known is our 4-H Sale of Champions. The State Fair will retain 15% for the State Fair Youth Development Fund and 5% for the 4-H Foundation of the total bid price with the balance of the collected funds going to the 4-H exhibitor.

★ ★ ★ Please see your Indiana State Fair Department Director for more details ★ ★ ★

SUPREME 4-H LIVESTOCK SHOWMANSHIP

The champion and reserve champion senior showmen from beef and swine and the senior champion market lamb showman and the senior champion ewe showman will compete for the title of Supreme 4-H Livestock Showman. The winner will be declared the Indiana State Fair Supreme 4-H Livestock Showman and will receive a \$100 cash award. Once a 4-H member is declared the Indiana State Fair Supreme 4-H Livestock Showman, they will become ineligible to compete in 4-H beef, sheep, and swine showmanship classes at the Indiana State Fair in future years.

GRAND DRIVE/4-H SALE OF CHAMPIONS

The 2011 4-H Sale of Champions at the Indiana State Fair will once again include the Grand Champion and Reserve Grand Champion 4-H barrow, steer and market lamb, selected during the Grand Drive, unless the same exhibitor owns more than one of these animals, in which case the exhibitor must choose which animal they will sell in the 4-H Sale of Champions. Additional breed champion or reserve breed champion animals from the beef, sheep and swine species will be selected by the judges during the Grand Drive for participation in the 4-H Sale of Champions, until a total of five animals from beef and six animals each from sheep and swine have been selected.

After the Grand Champion and Reserve Grand Champion of the specie have been selected, any remaining breed champion or reserve breed champion animals owned by the exhibitor(s) of the Grand Champion or Reserve Grand Champion will be excused from the ring before the judge(s) selects the next animal for the 4-H Sale of Champions. If a breed champion animal is excused from the ring because the owner already has an item selected for the 4-H Sale of Champions, the reserve breed champion animal of that same breed will become eligible for selection to the 4-H Sale of Champions. The procedure described in the previous two sentences will be repeated after the third and fourth animal from beef and the fifth animal from sheep and swine has been selected for the 4-H Sale of Champions. Should a champion animal become ill or be determined to be unsound and unable to participate in the Grand Drive, the reserve animal of that breed would represent the breed. The Department Director would inform the judge of the situation prior to judging the Grand Champion. (Rationale: if a judge has in his mind that he will use, for example, the Hampshire champion for his Grand Champion and the champion is unable to show, he wants to see the Reserve Champion in that class to judge for Grand.) The reserve breed champion from the same breed as the Grand Champion is eligible to be selected for the 4-H Sale of Champions.

The Grand Champion and Reserve Grand Champion Meat Goat Wether will also be in the 2011 Sale of Champions. After the Grand Champion meat goat wether has been selected, any remaining animals owned by this exhibitor will be excused from the ring before the judge selects the Reserve Grand Champion Meat Goat Wether. Also participating in the 2011 4-H Sale of Champions will be the Champion Dairy Steer, Champion Rabbit Meat Pen, Grand Champion Meat Type Chicken, Grand Champion 4-H Commerical Waterfowl, and the winners of the 4-H Garden and 4-H Honey Sweepstakes.

Exhibits sold in the 4-H Sale of Champions must be market animals or commodities produced for commercial use and/or consumption. If an item or animal selected for the 4-H Sale of Champions is voluntarily withdrawn from the sale, the item or animal is not eligible to receive a cash award and forfeits all honors and premiums awarded by the Indiana State Fair.

4-H SALE OF CHAMPIONS

1. The 4-H Sale of Champions will be held on Saturday, August 13 at 6:00 pm in the Pepsi Coliseum.
2. The State Fair and State 4-H officials require **all** animals sold in the Sale of Champions to be harvested. The sale committee reserves the right to eliminate any 4-H animals from the 4-H Sale of Champions which it deems to not be in the best interest by the Indiana State Fair.
3. No single exhibitor may have more than one exhibit in the sale. If a 4-H member has more than one (1) item selected for the 4-H Sale of Champions, they must notify the Director of the Sale of Champions by 10 pm on Monday, August 8, and let them know which one item they wish to sell. The animal the 4-H member chooses not to sell, will be replaced by the next placing animal from the same specie, selected during the Grand Drive.
4. The State Fair will retain 15% for the State Fair Youth Development Fund and 5% for the 4-H Foundation of the total bid price with the balance of the collected funds going to the 4-H exhibitor.
5. If an item or animal selected for the 4-H Sale of Champions is voluntarily withdrawn from the sale, the item or animal is not eligible to receive a cash award and forfeits all honors and premiums awarded by the Indiana State Fair.
6. For animals designated 4-H champions but not sold in the 4-H Sale of Champions, the exhibitors will receive the live market value for their animal(s), plus the appropriate State Fair 4-H cash award.
7. With regard to 4-H Sale of Champions animals, it is understood that the animals sold MAY upon showing and/or processing have urine, blood, saliva and/or tissue samples taken and the item may be examined by a panel of licensed and accredited veterinarians. Upon said examination, if in the opinion of the examiners, the animal has been fitted in an unethical manner, the animal will be disqualified from the State Fair 4-H show, all premiums and awards forfeited and the sale proceeds will be withheld by the Indiana State Fair Board. At the discretion of the Indiana State Fair Board, sale proceeds may be returned to the buyer or otherwise donated to the 4-H Foundation and/or Indiana State Fair Youth Development Fund. (It is also understood that the exhibitor of an unethically fitted animal and his/her immediate family shall be barred from competition at the Indiana State Fair for a determined period that may include a lifetime suspension.)
8. All carcasses shall remain under the ownership and jurisdiction of the State Fair until such time as all carcass examinations, tissue testing, and/or any other required testing (as determined by the State Fair officials/or State 4-H Youth Department officials) have been completed.
9. Auction checks will not be issued until all test results are complete.
10. Exhibitors of reserve 4-H breed champions are entitled to take their animal home.
